Graham Gunn is a soft spoken man who always, whether he wins or loses, takes the time to credit his fellow competitors for their play.

As a teacher at the White Sands Golf & Practice Centre, Graham has a steady following of students and a passion for teaching. He is known for his ability to assess a player down to the granular level, while communicating in a way that is straight forward and relevant. Committed to creating a customized program for each individual student, he enjoys helping his students to improve their swing, to meet their goals, and to share his love for the game.

As a man, Graham is devoted to his family and his faith, both of which are important parts of his life. As Graham suggests, "Take one day at a time. Don't get worried or anxious about anything."

As a player, Graham's overall record while in the PGA of Canada - Ottawa Zone is beyond comparison.
