

ADULT INTERSECTIONALS PARTICIPANT AGREEMENT

As a new or past participating club in the OVGA Intersectionals tournaments, the OVGA welcomes you to another year of great Intersectional competitions this season. The OVGA is excited about the upcoming events and the new changes that will take place.

Participation in OVGA events is growing, and clubs are on a waitlist. To accommodate all those wanting to participate, the OVGA asks each club to confirm their participation and current information by completing the following form and returning it to intersectionals@ovga.org by April 15th.

OVGA PARTICIPATION AGREEMENT

We acknowledge our participation by returning this form by April 15th.

If, for some reason, we cannot field a team by May 1st, we will notify the OVGA Intersectionals Director by the May 1st deadline.

We forfeit our spot if our club cannot participate in any given year. If/when we can participate, we understand we must wait one year and then be placed in an open spot at

the bottom of the divisions when a position slot becomes available.

We acknowledge our registration payment is due June 2nd. We agree the OVGA may charge a late fee if payment is not received by the deadline.

We acknowledge the rotation method of hosting is used and will commit to hosting when our turn presents. We grant permission to share our contact information for intersectional communication.

HOST CLUB

If our club is a Host Club, we agree to the following:

1. If we cannot host due to a conflict or unforeseen circumstances, we will contact intersectionals@ovga.org by March 1st
2. We understand we will receive a Host Club package outlining procedures to follow, including scoring information and winners' plaques.
3. We understand that we should have a club representative attend the online Host Club meeting in June.

By signing this agreement, we have read the Participant Agreement and shall abide by the Policies, Procedures, and Rules that govern this tournament to the best of our ability. See www.ovga.org.

The parties agree that a written or digital signature may be used to sign this Participant Agreement for validity, enforceability, and admissibility.
